

Calling All Student Volunteers!

The Tiny Miracles Foundation can always use extra hands to help support families of premature babies in Fairfield and New Haven Counties. If you would like to devote some of our student volunteer hours to TTMF, go to www.ttmf.org and click the Get Involved page to fill out an application.

All volunteer hours will be documented by a letter from our office!!

Here are some ways you can help:

Special Event Volunteer: TTMF holds free annual events for families, and we are always looking for support with tasks such as: checking in guests, handing out swag bags, running activities for children, etc.

Tiny Treasures Support: TTMF provides Welcome and Homecare supply bags and Blankets for Premies to families in the NICU. Assembling these bags and preparing the blanket kits is a large task that is completed multiple times throughout the year. Volunteers also provide the hands-on no-sew blanket making throughout the year.

Premie Family Holiday Gifts: Many premies are hospitalized during various holidays throughout the year and TTMF provides special holiday gifts for families to help them through a holiday in the NICU. Volunteers are needed to assemble gift bags that are then distributed to each family.

Can you knit or sew or have another creative talent? TTMF is always in need of premie size handmade booties and hats for the tiny babies. We have all the patterns and just need your hands and talents! We are always looking for other handmade gifts to give to families throughout the year to offer support.

Do you like working on the computer? We need help researching always! Research can be for fundraising needs and to keep our website and providers in our Directory up-to-date. You can also help us by researching Private and Community Foundations for Grant Opportunities, Local Corporations' Foundations for Grant Opportunities, educational materials and links to update our web information, recent breaking news for parents of premies about development issues and new therapies and much more...

Do you like to raise money? Raise money for TTMF your own way! Come up with a fundraising idea, plan it, have it and collect the funds! We will support your efforts with whatever educational materials and speakers you need, to promote the cause, and our office will handle all the thanking of your donors with a special note from you!

We look forward to having you join our volunteers team! Go to www.ttmf.org and click Get Involved to complete an application today! Or call us at 203-202-9714 and tell us how you would like to help!
